SUBJECT LINE: Pencil Drawings for a Children's Chapter Book (6-10 year olds)

I am looking for a talented illustrator, who can complete a set of pencil drawings for a children's book for kids 6-10 years old. This children's chapter book is about a time-traveling boy and his dog.

The project scope is 11 full-scene pencil drawn illustrations (e.g., boy in bed, his dog licking his face; boy and his grandfather inside in-house library/ study; boy hiding behind cardboard boxes next to a dumpster; boy in old fashioned clothes, Parisian scene in background; etc.)

I've included a couple of examples:

EX 01 & 02: The pencil drawings are meant to illustrate the level of detail I am looking for.
EX 03: An example for one of the scenes in the book
EX 04: Grandfather
EX 05: Boy
EX 06: Dog

Please include a link to your portfolio.
There will be multiple jobs for the right illustrator.
