# CHILDREN'S BOOK AWARDS

## CHILDREN'S BOOK AWARDS:

There are numerous awards for self-published children's books. Most awards require an entry fee, ranging from \$50 per title to \$500+, but winning one of these competitions and being able to display the winning sticker will help you set your book apart. Here is a list of the best awards that cover the children's book genre. Be aware that some of these awards require you to send in one or more paperbacks of your book.
